**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential customer of a competitive internet provider that is not one of the big provider's like AT&T, Comcast or Verizon. I chose them because their rates are more competitive, their service is better and they don't keep raising their prices every year.

I am using fiber now through the competitive provider when once I only had DSL or cable as my choices, it was only the competitive provider that offered fiber to our area at that time.

Competition is good and this new changes the FCC is proposing will hurt competition and is not good for us consumers.
